

Landis Woods Nature Preschool Newsletter

“Why fit in when you
were born to stand out?”
-Dr. Seuss

We are having fun! We have learned the letters U, N, V, and Y, and are continuing to work on vowels and rhyming. We have practiced identifying vowels inside of words and discussed when Y acts as a vowel and acts as a consonant. We have also introduced poetry in preparation for Dr. Seuss week!

We have discussed the terms utilize, volume, and velocity. Doing experiments with different density liquids and using sleds to learn about velocity has been a blast! We learned about the Lunar New Year, and its animal signs, as well as discussed the cultures that celebrate it. Happy Year of the Ox! Using chopsticks was a fun way to incorporate fine motor skills into snack time.

Having Fun

We have enjoyed playing in the snow, building forts, having snowball fights, and even making a snow volcano! We continue to learn through experiences by planting vegetable seeds and celebrating Groundhog Day with our own Landis Woods Larry. We have been having fun learning about voles and making our own tunnels in the snow.

In the Future...

We will be celebrating Dr. Seuss Week March 1-5. We invite students to participate in the following themes:

Monday: Hat Day!

Tuesday: Wear Red!

Wednesday: Crazy Hair Day!

Thursday: Silly Socks Day!

Friday: Green Eggs Day (fresh from Mr. Matt's chickens)!

NO SCHOOL Mar 12 + 15!

Mr. Matt: Mgeyer@manheimtownship.org

Mr. Alex: Avpelt@manheimtownship.org

Miss Michelle: NaturePreschool@manheimtownship.org
