

# Landis Woods Nature Preschool Newsletter

“April hath put a spirit of youth in everything.”  
-William Shakespeare

Time flies when you're having fun! Just like that, we only have 4 weeks left of school. We have been very busy the last two months enjoying the sunshine, celebrating holidays like Dr. Seuss week, and practicing our singing for the end of year program on May 19th. During Dr. Seuss week, we also discussed literary concepts such as rhyming, patterns, and exaggeration. We also learned about the letter M, with some help of Curious George and tapping our very own maple tree! We were able to collect sap and boil it down into syrup, which was delicious!

## Having Fun

We still have more to learn, but recently we covered letters L, O, R, Z, and S. We have learned about life cycles with many fun additions to our classroom including plants for our garden, goslings, and chicken and quail chicks. Thank you to Ideal Poultry, Baker's Creek Seeds, Serenity Farms Stables, and Blue Banty Hatchery for making this unit possible!

## In the Future...

This will be our last newsletter of the school year. Thank you for another fun year of memories! Please join us for our end of year program: invite attached.

### SAVE THE DATE!

End of year program  
Friday, May 19th.

Both AM classes will  
perform at 9:15am  
and the Afternoon  
class will perform at  
12:45pm
