

Landis Woods Nature Preschool Newsletter

“Everyone must take time to sit and watch the leaves turn.”
-Elizabeth Lawrence

We have started the school year with lot’s of fun! We have been busy meeting and making new friends, exploring new play areas, and learning the routines of school. We have been working very hard on letters, listening ears, and practicing walking in a line in case of emergencies. We have only been here for two months, but it is amazing how much we have already learned.

So far, we have covered the letters F, N, D, I, P, and K. We have learned counting songs, calendar songs, and silly songs. We practice our counting every day because Sneaky Squirrel won’t stop stealing our acorns! We have learned about bubbles and how they are made. We talked about nutrition and nocturnal animals. We’ve studied deer, dogs, ants, insects, and killdeer– just to name a few.

Having Fun

We met Mr. Matt’s dog Sky and two boy call ducks. We’ve started identifying shapes and blending letter sounds. We carved or colored pumpkins and roasted the seeds for snack time! We experimented with pressure, started number recognition, and were introduced to a few sight words. Our year is off to a great start and we are so excited to keep learning!

In the Future...

We will be talking about letters E, B, and A. We have fun STEM activities planned and will hopefully meet some more special visitors!
